Springfield Street Directory.

The Street Directory gives the location of each street, and shows what other streets, avenues or places run from or across it, with the number at which they intersect.
From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 298, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

FIRE ALARM TELEGRAPH.

Instructions to Key Holders—Key holders, upon positive information of a fire, will unlock the box, and, if the bell or the small bell in the box is not striking, pull the hook down to the end of the slide once and let go immediately. Do not strike an alarm when the bells or the small bell in the box is striking, for in that case the alarm is already striking, and to give a second one would confuse the firemen. After giving an alarm, remain, if possible, until the steamers arrive, to direct them to the fire. If you hear no clicking sound in the box after pulling the hook, go to the next box, and give the alarm from that.

Do not give an alarm for a fire at a distance, *nor for a burning chimney*. Do not strike the alarm more than once from the same box. Be sure the box is locked before you leave it.

POSTAL INFORMATION.

Important Extract from the Rules Governing the Post Office Department.

First-Class Matter—Matter which is in writing, or other matter containing a written inscription in the nature of personal correspondence, and matter which is sealed against inspection, are, by their nature, and the intent of the law, first-class matter, and subject to the postage rate of two cents for each ounce or fraction thereof. On local or drop letters, at all free delivery offices, two cents for each ounce or fraction thereof—other offices one cent.

Second-Class Matter—Mailable matter of the second-class embraces all newspapers and other periodicals, publications which are issued at stated intervals and as frequently as four times a year, and are within certain conditions. (For these conditions apply at the office.)

When sent as transient matter, by other than the publishers, one cent for each four ounces or fraction thereof.

Third-Class Matter—Mail-matters of the third-class shall embrace books, circulars and other matters wholly in print; proof sheets, corrected proof sheets and manuscript copy accompanying the same, and postage shall be paid at the rate of one cent for each two ounces or fractional part thereof, and shall be fully prepaid by postage stamp affixed to said matter.

A circular is defined to be a printed letter, which is being sent in identical terms to several persons. It does not lose its character as such by writing the name of the addressee or sender therein, nor by the correction of a mere typographical error in writing.

Permissible Additions to Third-Class Matter—Upon the matter of the third-class, or upon the wrapper or envelope inclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book, or printed matter of the third-class, a simple manuscript dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third-class matter or the tag or label attached thereto may be printed any matter mailable as third-class, but there must be left on the address side a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

Fourth-Class Matter—Includes merchandise and samples of merchandise, models, samples of ores, metals, minerals, etc., and any other matter not included in the first, second and third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of

the mail bag or harm the person. Postage rate thereon, one cent for each ounce or fractional part thereof.

Permissible Writing or Printing upon or with Fourth-Class Matter—With a package of fourth-class matter prepaid at the proper rate for that class, the sender may inclose any mailable third class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the same, his name, occupation, residence, or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

The tag or label, with the printing or writing authorized thereon, may be attached to the whole package, or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the package.

The postage to Canada is the same as domestic postage.

The fee on any registered matter, domestic or foreign, is fixed at eight cents on each letter or parcel, to be affixed in stamps in addition to the postage. Two or more letters or parcels addressed to or intended for the same person cannot be tied or otherwise fastened together and registered as one.

Special Delivery—A special ten cent stamp affixed to any article of mailable matter in addition to the ordinary postage insures its delivery by special carrier, immediately upon its arrival at the office of destination, between the hours of 7 a m and 11 p m at free delivery offices and 7 a m to 7 p m at other offices. But this delivery will only be made within the carrier limit at letter-carrier offices and within one mile of post offices at all other places.

THE IMPROVED

Chadwick Copying Book

TRADE-MARK.

PATENTED OCTOBER 16, 1888.

These Books are made waterproof at binding and corners, and are provided with moistening pad and oil sheets, by the use of which a number of pages can be kept moist and ready for immediate use, DISPENSING ENTIRELY WITH WATER POT, BRUSH AND WET BLOTTERS. The pad is first wet with water, then placed in book, back of twenty or more sheets, and put in press until required for copying, when sheets will be found uniformly and thoroughly moist, and VERY SUSCEPTIBLE TO ANY COPYING INK.

The back of the book being waterproof prevents the moisture from working into the binding or into leaves already copied on, and by similar treatment of corners leaves do not stick together and prevent rapid handling. The paper in these books is of extra strength, so they can be readily handled without tearing.

We make anything wanted in the line of Letter Copying Books.

ERNEST W. MAKEPEACE, President. E. WELLS, Sec'y and Treas.

THE BAVARIAN BEER,

Made by the Highland Brewing Company,

Is a Superior Thick-Mash Food Beer, by experts pronounced Equal to Imported, of which Wurzburger Hofbrau is the best known. No Other Brewery in Massachusetts has the facilities for making this brew.

OUR EXPORT AND PILSNER

Are Light, Infusion Beers that Stand in the Front Rank of American Lagers. There can be no Better Beer. The Highland Beer is made on the highest point in Springfield, and is of the same grade.

WHY IT IS BEST.

Because—It is made of Prime Malt and Hops and Purest Water.

Because—It is made under the direction of Skilled Practical Brewers.

Because—It is Matured Beer, ripened properly by age, for the Highland Brewery has brewing capacity and the storage capacity to do this.

Therefore Order It.
